The Truth About The Killing Of Osama Bin Laden Story

Two Old Sayings

"Once Bitten Twice Shy"

"Fool Me Once Shame On You, Fool Me Twice Shame On Me"

By the end of this book I will have proven these two sayings right and have also proven the whole "War On Terror" is nothing but a cover for a bigger plan, ambition, goal that is why Barrack Obama was selected for to get this agenda back on track.

The Truth About The Killing Of Osama Bin Laden Story

Prefix

Sad Day In The United States Of America

As you would of already heard on TV and read in Mainstream Media rag sheets, USA President Barrack Obama declares the Americans have found and killed Osama Bin Laden in Pakistan.

I think it's a very sad day for United States of America and this is why 1) I go to a Chat Program called Pal Talk which is a Zionist Jew owned and operated out of NEW York USA.

I usually go to a few rooms in the Social Issues Section, Government & Politics area, I went into a few America rooms there and am disgusted & amazed, shocked at these people.

They were talking about the Killing Of Osama Bin Laden, and I found myself being "Red Dotted" prevented from talking or writing and called a Racist that I didn't like Black People because I disagreed with the Official story.

"Is This the Real America? – Is This what Real Americans Are Like?"

If you disagree with them they call you names, and stop you from talking, expressing your view.

Another room, I was kicked out for even mentioning a "New Fake Last Bin Laden Video" might be released soon, a pity these people don't read the news because I was only Quoting – Pentagon Sources that a "Last Bin Laden Video" would be released soon.

Seems as the Americans are telling it "Bin Laden" made a last Video that morning right before he was raided and killed, but don't worry it was a secret operation he didn't know he was about to be raided, but made a last video that morning just in case he was raided & killed.

Give Me A Break

Who is writing all these scripts?

It's Important To Remember

It's important to remember people, as you listen to the absolute tripe coming out in the mainstream media the following.

- Osama Bin Laden has never admitted to doing any Terrorist Attacks, we are just told by mainstream media and lying politicians he did (That isn't evidence & proof)
- Osama Bin Laden has never been tried in an American Court with himself present to defend himself, He was indicted and tried for Terrorism Offences without him being present.

What type of Justice System is that indicted – try and find guilty a person without them being there to defend themselves?

No, No, No don't give me your petty excuses and repeat your brain washed answers as feed to you by lying politicians and mainstream media.

What type of Justice System is that?

Indicted – Try - Convict – Somebody who is NOT in Court to defend themselves?

If you agree with that type of Justice System, then you have NO Principals, Moral, Standards and NO understanding of Right / Wrong, Good / Bad, go away little person.

Lastly

The Americans can find and kill 100, 1,000 Al Qa`eda Terrorist and come out with all these fantastic stories, but bringing Mr. Barrak Obama back to the drawing board, his administration The Congress & Senate, the same in with other Western Countries.

The above 101 Terrorist Psy Ops does **NOT**

- Pay The Bills
- Gets Me A Job
- Gives me Housing
- Provide Healthcare
- Provide Schooling
- Improve Infrastructure, Roads, Bridges, Highways, Ports, Rail Lines
- Help the homeless living on the streets
- Stop Police Harassment and Abuse
- Improve Incompetent Government Depts like the EPA, Securities and Exchange Commission, State Dept, Justice Dept, Pentagon, CDC and many, many, many other totally incompetent useless Depts within Government

You can come up with all the 101 Psy Ops till browns cows come home, the people want the above fixed up, all you Mr. Obama and the other lying scumbag politicians both political sides Left & Right, Republican & Democrat are doing is wasting out time, money and resources playing your childish games because you have **No** answers to fix the problems above and lied your way into Office.

We the People need and want solutions and problems fixed, lets put the boot back on the other foot, back to you Mr. Obama, Congress and Senate and lets see if these people can fix the above problems or we just get more of 101 Terrorist Psy Ops.

Everybody is watching.

Introduction

Welcomed to **The OzBoy File – The Truth About Killing Osama Bin Laden Story**, here we are again people, it feels like I am back at the beginning, it feels like a new chapter in my life is about to happen two of the very first books I researched, investigated and wrote were **“The Truth About Osama Bin Laden”** – and – **“The Truth About Al Qa`eda And Bin Laden”**

And here I am back again at the end of the story, end of all the bull shit stories which we have debunked for the last 10 years writing a book debunking the Official story released about the Killing Of Osama Bin Laden again.

Steve Johnson and myself have tried everything to get these books printed and circulated out into the market place, but the Book Publishing Companies will not print anything, which goes against The Official story fairy tale line.

These 25 books or more might not get printed for 20 years, and people in 20 years from now will read The Truth of what we the people of the World had to live with now.

I feel angry and very upset because allot of effort, time, money, burning the midnight oil has gone into researching, investigating and writing these books to bring you the truth exposing all the lies, deception, evilness and with one more lie told by the Americans it feels like all this has been for naught, 0, Zip.

All the lies under the sun, staged Psy Op events wont change a thing Mr. Barrack Obama, Republicans and Democrats, we the people know 11Th Sept 2001 Was A False Flag Terrorist Attack.

There is too much evidence & proof you left behind

Experienced researchers & investigators like Steve Johnson and myself and others at The Freedom Collective are 20 steps ahead of you corrupt, evil people, we may not have the mainstream media on our side, but we have time.

Time that one day somebody will be able to print these books and find out the truth, or 99% as close as the truth as can be possibly given, researched and then told.

Currently we live in a Nazi – Fascist State Control Police State in most Western Countries around the World, we cannot get the truth out to people, we control the Internet and we can the truth out to blogs, Independent News & Current Affairs Web Sites, but they the Power of B & the Elites that run our society and the World we now live control what people See, Hear and is Written.

Its like living in a big Matrix Maze, ever since 11th Sept 2001, Wrong has become Right, Bad has become Good so everything we have been taught at school and growing up is now reversed, many people have to shake there heads and say did that really happen?

But the truth always wins through because it's the truth, and lies evilness, corruption and deception always loses in the end because its not Noble – Honest and the Truth.

I hope you enjoy read this book and done forget to read other books we have written.

Chapter 1

The Official Story About The Killing Of Bin Laden

The Official story as told by US President Obama and released by the White House Officials goes something like this.

President Obama finds out from his Intelligence people Bin Laden is alive and living in Pakistan and orders his people to coordinate and arrange a (Search – Kill – Destroy All Evidence Operation) and the Pentagon Chiefs arrange for a Navy Seal Team to leave from Bagram Air Forces Base and take Bin Laden out.

Lets tell the truth here, which may sound offensive, so sorry if I offend anybody with the next statement.

So these US Navy Seals (Brainwashed – Mind Controlled Robots) do as exactly asked of their masters who trained them as professional mercenaries to clean up the mess of corrupt political leaders, dating right back to Bill Clinton and Ronald Regan.

But I will speak more about this and what is really going on in the conclusion of this book.

Obama Bin Lyin'

The US authorities claim they shot an unarmed, defenseless Osama Bin Laden in what can only be described as an act of cold-blooded murder -- then threw his body in the ocean.

This story is not only an insult to Muslim sensibilities, it's an insult to the intelligence of anyone who hears it.

Why wouldn't they make every effort to take Bin Laden alive in order to glean potentially crucial information, then put him on trial?

And if they had screwed up and killed him, why wouldn't they keep his body around long enough to satisfy a skeptical world -- and then have it buried according to Muslim custom, in order to avoid reprisals by millions of angry Muslims?

Muslims for 9/11 Truth board member Enver Masud predicted, almost exactly one year ago, that US authorities were preparing to stage "Bin Laden's death."

Looks like Enver nailed that one!

PREDICTED IN MARCH 2010: Staging bin Laden's 'Death'

<http://www.globalresearch.ca/index.php?context=va&aid=24595>

It appears that we are being primed for the "death" of al Qaeda leader Osama bin Laden.

Attorney General Eric Holder told a House panel this month [March 2010] that bin Laden "will never appear in an American courtroom."

Others who have examined the evidence, and the "bin Laden tapes," have concluded that bin Laden is dead.

US Defense Secretary Robert Gates admitted that the US has had no reliable information on the whereabouts of Osama Bin Laden in years.

But the US needs a neat ending to its war on Afghanistan.

Staging bin Laden's death will be seen as a fitting end to this genocidal war for the control of energy resources.

Of course it will have to be done so that visual identification is not possible.

We suspect that when bin Laden is "killed," we'll just have to trust the folks that lied us into war to confirm they got him.

Head Of CIA – Reports Obama Watched Bin Laden Die Are Lies, Admits NO LIVE RAID VIDEO FOOTAGE

<http://blog.alexanderhiggins.com/2011/05/05/head-cia-admits-live-video-footage-osama-bin-laden-compound-raid-22288/>

For days now several officials inside the US Government and several corporate media outlets have reported that President Obama and other US officials watched live video footage of the Osama Bin Laden assassination raid inside the situation room at the White House.

Screen shots of BS Lying MSM News Headlines read:

- **"Obama watched live video of Bin Laden raid, US Official says" - CNN**

CIA Chief Admits There Was NO Live Video Footage Of Osama Bin Laden Compound Raid

CONFIRMED - IT WAS PAK FORCES WHO ATTACKED THE COMPOUND IN ABBOTTABAD

<http://aangirfan.blogspot.com/2011/05/it-was-pak-forces-who-attacked-compound.html>

Mohammed Qasim is a farmer's boy who lives right next to the compound in Abbottabad.

A special forces helicopter landed in the field just behind his house.

Masked men emerged.

Mohammed Qasim said they spoke fluent Pashtu, a language of Pakistan.

He heard them 'smash their way into' the compound.

Twenty minutes later, he heard the helicopters depart with their captives.

Mohammed Qasim's father was seized by soldiers during the raid.

Which explains why there was never any live video from a SEAL helmet-cam.

IT WAS PAK FORCES WHO ATTACKED THE COMPOUND IN ABBOTTABAD

It was Pakistan forces who attacked the compound in Abbotabad.

It was Pakistan forces who took away the captives.

On 4 May 2011, The UK Daily Telegraph's Peter Osborne has an excellent report on what happened at Abbottabad. ([The mysterious Khan family.](#))

Peter Osborne reports:

Mohammed Qasim is a farmer's boy who lives right next to the compound in Abbottabad.

A special forces helicopter landed in the field just behind his house.

Masked men emerged.

Mohammed Qasim said they spoke fluent Pashtu, a language of Pakistan.

He heard them 'smash their way into' the compound.

Twenty minutes later, he heard the helicopters depart with their captives.

Mohammed Qasim's father was seized by soldiers during the raid.

(The mysterious Khan family.)

According to Mohammed Qasim, two families had been living in the compound.

They were headed by Arshad Khan, 'in his forties', and his young brother Tariq.

They spoke perfect Pashtu (a language of Pakistan)

Mohammed Qasim said the Khans had eight or nine children, including Abdur Rahman and Khalid, both six or seven years old; two or three women lived in the house.

These children also spoke Pashtu.

Every morning the mothers and their children would leave the house a Suzuki van.

Mohammed Qasim insisted that he never saw Osama bin Laden.

He said: "I don't believe he was there."

Peter Osborne could see "practically no signs of a fight" when he arrived at the Khan's family house.

"No bullet marks punctured the walls."

In January 2011, in Abbottabad in Pakistan, Pakistani authorities arrested Umar Patek, who is alleged to work for the CIA.

(PAKISTAN CAPTURES 'CIA' TERRORIST?)

Did the Pakistan military get too close to a CIA safe house?

Did the Pakistan security services get involved in a fight at the CIA safe house and then discover CIA operatives (or members of bin Laden's family) being housed there?

Did the US military then arrive on the scene to remove the evidence and concoct a story to cover its involvement with al Qaeda?

Former Pakistan President Pervez Musharraf's 2004 autobiography talks about an Al Qaeda (CIA) safe house in Abbottabad.

(Musharraf knew of Abbottabad safe house?)

An ISI official told the BBC the compound in Abbottabad where Bin Laden was allegedly killed had been raided in 2003.

(Bunny Laden.)

Pakistan's spy service (ISI) had been sharing information about the Abbottabad compound with the CIA since 2009 and had continued to do so until mid-April.

(Pakistan 'shared information about compound ...')

A Cobra helicopter belonging to the Pakistan military

According to Pakistani Urdu TV channel Geo News (killed in Abbotabad near Islamabad of Pakistan)

Pakistani intelligence officials said that a Pakistani army helicopter was shot down in Abbottabad and then a search operation was launched by Pakistani forces.

At about 1:20 a.m. local time a Pakistani helicopter was shot down by unknown people in the Sikandarabad area of Abbottabad.

The Pakistani forces launched a search operation in the nearby area and encountered a group of unknown armed people. An exchange of fire followed between the two sides.

When the exchange of fire ended, the Pakistani forces arrested some Arab women and children as well some other armed people.

Two U.S. helicopters flew to the site and carried away a dead body

Initial reports said that at least one was killed and two others were injured in the crash.

At least two houses were engulfed by the huge fire caused by the crashed chopper.

Bin Laden reported in Dubai hospital July of 2001 (France 2)

http://www.youtube.com/watch?feature=player_embedded&v=tVv8AZ7vTs

The CIA's Larry Mitchell met Osama in an American hospital in 2001"

"U.S. officials have said that Pakistani officials were not told about the early morning helicopter raid until the strike team had killed Bin Laden and had returned to Afghanistan from where they took off, citing security reasons.

"Many Pakistanis were surprised at how this was possible, especially when initial reports stated that the choppers took off from a Pakistani air base."

(Bunny Laden.)

"I used to go to their house. He had two wives, one spoke Arabic, and the other one spoke Urdu. They had three children, a girl and two boys. They gave me two rabbits."

Bunny Laden.

U.S. officials have listed a number of points that they claim prove the dead man is Osama bin Laden

DNA taken from 'the brain of Osama bin Laden's sister following her death from brain cancer' was a 99.9 per cent match to that of Osama.

A woman, 'believed to be one of bin Laden's wives', confirmed bin Laden was the dead man.

The CIA said they compared photos of bin Laden's body with known photos of him and were 95 per cent sure that they showed the same man.

The burial from an aircraft carrier in the North Arabian Sea was videotaped aboard the ship, according to a senior defence official.

All sounds like a lot of CIA lies?

White House PSYOP Script Falls Apart

Bin Laden Story Keeps Changing-Obama's Nose Keeps Growing

The standard, call it classic, definition of PSYOP is badly in need of an update.

When you look it up, you see something along these lines [Emphasis are mine] planned propaganda operations to convey selected information and indicators to foreign audiences to influence their emotions, motives, objective reasoning, and ultimately the behavior of foreign governments, organizations, groups, and individuals.

It is way past time to add 'domestic' in there.

Isn't it?

Come on remember our mini PSYOP cases like Jessica Lynch and Pat Tillman.

I say mini 'because they were mini, thus, eventually exposed.

The major 'ones, at least here in the US, tend to go unnoticed or not widely debated.

Right now, we may be very well looking at one of those major ones as it is unfolding White House Osama Death PSYOP Script.

On Monday, less than a day after the supposed operation, I started covering the Osama Death sensationalism.

In my first post I said

"It is way too early for a comprehensive analysis or even a short commentary."

I wish others, the so-called media had exercised the same restraint, instead of spreading the far-fetched and fantastical script given to them by their masters to fire up and round up the gullible and easily hurray-ing majority.

On Tuesday, I pointed out the uncanny resemblance between the script and method used in the Jessica Lynch PSYOP case and the latest Osama Death case "It is too early.

I can talk about the strange timing, absurdity of some mysterious burial at sea, questionable coincidences, and or our government's pretty tainted record when it comes to facts Remember Iraq's WMD lies, Pentagon's made-up script on Jessica Lynch, wrongfully accused Steven Hatfill, questionable Anthrax suspect Bruce Ivins, Niger Yellowcake fantasy..."

Again, it took the resourceful media another 24-48 hours and tons of pounding to make the connections.

Here are the latest changes to the Obama administration's lies-filled script.

Let's keep track of them, and keep them on the front burner, because as you know, as more come out, as we get more confirmed contradictions, the fantastical story tends to get pushed onto the backburner by the media, from front page stories-headlines to Page A2, and from there to B18, and pretty quickly into the usual black hole.

We have gone from the heavy and intensely fought operation against fighting armed men in the Bin Laden compound to no real fight and only one little armed man

Four of the five people shot to death in the operation that killed Osama bin Laden, including the al-Qaida leader himself, were unarmed and never fired a shot...

We went from armed Bin Laden using his wife as a shield to armed Bin Laden using an anonymous woman as a shield, to unarmed Bin Laden using some kind of a woman as a shield, and now, unarmed Bin Laden in pajamas using no one as a shield!

But last night, the White House said Bin Laden was not armed when a U.S. Navy SEAL confronted and killed him during Sunday night's assault on his compound.

Security officials said they did not recover any arms and explosives during their detailed search of the compound and the 13-roomed house, during which they removed two buffalos, a cow and around 150 chickens.

We were told that Bin Laden's compound was a lavish mansion worth over one million dollars, and now we hear it was a humble mud-covered house with not even an air-conditioning system worth less than \$250,000

Bin Laden's house, described by the US government as a \$1m (£605,000) mansion, is in fact worth no more than \$250,000 say property professionals in Abbottabad, the town where he was killed.

Descriptions of Bin Laden's hideout have also been prone to exaggeration.

After Sunday night's dramatic raid by US Navy Seals, a senior Obama administration official told reporters that the property, an "extraordinarily unique compound" in an "affluent suburb", was valued at around \$1m.

But two property professionals in Abbottabad – a quiet, military-dominated town – said that much of that was incorrect.

Based on the size of the plot and the house, which was built in 2005, and using recent property sales as a guide, they estimated that it would fetch no more than \$250,000 on the current market.

"Twenty million rupees, maximum," said property dealer Muhammad Anwar, a 22-year veteran of the local market, at his Abbottabad office.

"No swimming pool. This is not a posh area. We call it a middling area."

We were given torture, traditional long-term interrogation techniques and surveillance as the major factors leading to the scripted victory, and now we get official statements from Pakistan indicating that they, the Pakistani intelligence, had provided Bin Laden's location to Mr. Obama over 2 years ago, and again six months ago!

Pakistan hit back Wednesday about US fears that it could not be trusted with details of the raid on Osama bin Laden's compound and claimed it had identified the potential hideout as far back as 2009.

Bashir went on to claim that the ISI passed on its suspicions about the compound in Abbottabad two years ago.

"The fact is, on this particular occasion, it was pointed out by our intelligence quite some time ago to the US intelligence," he said.

"We had indicated as far back as 2009 [it was] a possible place."

The ISI said it again warned just six months ago that "suspicious foreigners" and even "al Qaeda operatives" were potentially inside the compound but denied knowing bin Laden was among them, according to Sky News.

There was no immediate response to that claim from the Obama administration.

And last but not least, they told us our President and Presidents' Men were watching the entire operation, second by second, via satellite and real time.

Now, our President and Presidents' Men are backpedaling in face of exposed lies and contradictions, and use 'Fog of War' for lack of truth and accuracy.

Did the fog fog up the White House real-time TV show and mislead our popcorn-eating President and his Men?!

The White House Tuesday blamed "the fog of war" for conflicting statements in its recounting of the events surrounding the Abbottabad raid that killed Osama bin Laden...

I will be covering this topic as it unfolds further, and I am asking you to help us with keeping this major domestic PSYOP on the front-burner, as you know, when sticky and revelatory facts come out contradicting our officials' story line, things tend to get buried and transferred to the back-burners!

Bin Laden Story Continues to Change

<http://news.antiwar.com/2011/05/04/bin-laden-story-continues-to-change/>

The culmination of years of surveillance, with Navy SEALs bursting into a residence and engaging in an epic firefight with the world's most wanted terrorist (hiding behind his wife and armed with an AK-47) in his palatial estate certainly makes for good copy, and movie studios were already lining up to turn it into feature films. The only problem was it never happened.

Totally Bizarre: Three Senators Now Saying They Saw Fake Osama Death Photo

<http://www.economicpolicyjournal.com/2011/05/totally-bizarre-three-senators-now.html>

This is really Off-the-wall stuff.

Can you imagine the President and this group handling a real crisis?

They can't control the story of a picture of a dead man.

3 senators who said they HAD SEEN the #OBL death photo now say the picture was NOT official.

Ayotte, Scott Brown & Chambliss.

Faked out?

No, they saw the photo that was supposed to be official, but when it was exposed as a fake (along with two other tries) the WH backtracked and claimed it was not "official."

Osama bin Laden Murder Fable: A Work in Progress

<http://www.prisonplanet.com/osama-bin-laden-murder-fable-a-work-in-progress.html>

The corporate media characterizes the on-the-fly story modifications as an “embarrassing climb-down” for Obama.

Jay Carney told the Mockingbird corporate media that the tall tales came from the chief US counter-terrorism adviser, John Brennan, who put out the pabulum “with great haste.”

“We provided a great deal of information with great haste in order to inform you about the operation. Some of the information is being reviewed and updated,” said Carney.

In short, the fairy tale is a work in progress.

No Proof Has Been Offered Suggesting That The Official Osama Bin Laden Death Narrative Is Even Remotely True

<http://theintelhub.com/2011/05/04/no-proof-has-been-offered-suggesting-that-the-official-osama-bin-laden-death-narrative-is-even-remotely-true/>

There has been an endless amount of propaganda coming out dealing with the official Osama Bin Laden death narrative but there hasn't been one shred of evidence proving that these events actually transpired as we are being told they did.

We are just expected to believe whatever the corporate controlled media propagandists and the criminal government bureaucrats tell us even though there has been zero proof brought forward suggesting that anything they are saying is true.

The White House has even changed several significant details of the official story which raises a number of questions about the credibility of anything pertaining to these alleged events.

Obama refuses to release Osama photoes, "national security reasons"

<http://www.cbc.ca/news/world/story/2011/05/04/afghanistan-pakistan-osama-bin-laden.html>

U.S. President Barack Obama has decided not to release photos of al-Qaeda leader Osama bin Laden after he was killed because doing so would risk national security

"Yeah, I guess that idea that we were withholding the photos so as to avoid inflaming Muslim sentiment *was* lame.

I mean, we did dump the body in the ocean, and we are bombing the crap out of all those Muslim nations.

So, let's just use that old standby 'national security' as the excuse this time." -- Official White Horse Souse

Obama: I won't release bin Laden death photos

http://www.cbsnews.com/8301-503544_162-20059739-503544.html

"The risks of release outweigh the benefits," he said.

"Conspiracy theorists around the world will just claim the photos are doctored anyway, and there is a real risk that releasing the photos will only serve to inflame public opinion in the Middle East."

Translation: "We do not have anyone on staff who has been able to fake a photo of Bin Laden that will fool anyone (maybe we shouldn't have kicked Rivero out of Hollywood, because I hear he was pretty good at that sort of thing).

So we're going to fold out hand here, pretend to take the moral high ground, and instead inflame public opinion in the middle east by bombing the crap out of them and stealing their oil." -- Official White Horse Souse

Show us the shooter

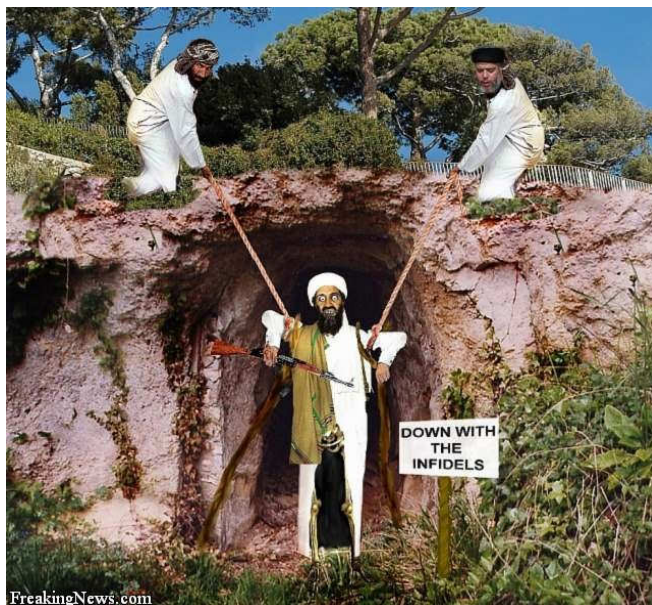

http://atimes.com/atimes/Middle_East/ME05Ak02.html

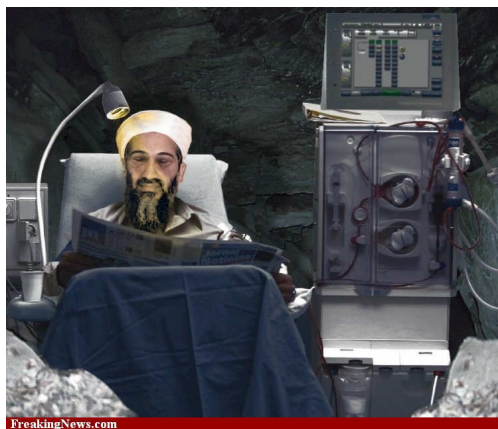

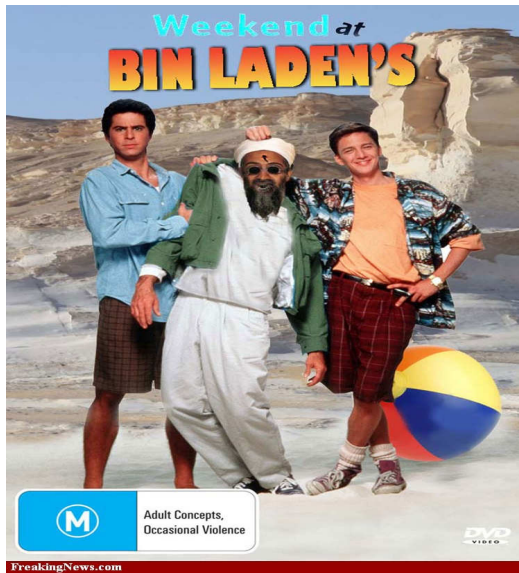

Show us the Navy SEALs hero who did the double-tapping on Osama bin Laden - the one-two in the head to make sure the target of a hit job is out - after a "firefight" the signs of which are virtually absent in that squalid "mansion" in Abbottabad.

Show us the greatest hero of modern American history, the man who shot America's public enemy number one, the most evil terrorist in the history of the Universe who masterminded the most spectacular attack of all time against the US.

Parade him on Ground Zero and in downtown Manhattan, give him a row of Purple and rainbow-colored Hearts, make him a partner of Goldman Sachs, get him on Oprah, Rush and Anderson Cooper, induct him into the Rock'n Roll Hall of Fame.

World laughing at "Dead Bin Laden"

Was it Legal to Kill Osama Bin Laden has to be Answered. Letters of Marque Suggestion Exposes the Fraud Called the War on Terror

<http://lonestarwatchdog.blogspot.com/2011/05/was-it-legal-to-go-after-osama-bin.html>

I just have to say this while all the talking heads in intelligence and in the military are saying it is legal.

Even some members of congress are saying it was lawful.

The truth is it legal,lawful and constitutional?

The answer it is no to all three.

If Osama Bin Laden was the culprit of Sept 11, 2001 as the politicians say.

The facts speak for themselves that there was no evidence Osama Bin Laden was behind the attacks on the Sept 11th.

Osama was the villain they used to sell fear and the police state to the American people.

Was it necessary to spend trillions of dollars and needless deaths of American soldiers with no declaration of war from congress?

If Bin Laden was the villain without a reasonable doubt.

Was there is more effective way to deal with it without committing trillions of dollars and soldiers?

Yes there was.

Back in 2001.

Legislation was introduced by Congressmen Ron Paul from Texas was the constitutional way to deal with people who pose a threat to the security of its American citizens without putting our military in harms way.

If Osama Bin Laden was the mastermind behind Sept 11th attacks.

Congressmen Ron Paul introduced legislation granting a Letter of Marque and Reprisal as a solution dealing with international terrorism. The same congressmen advocated is the same letter of Marque dealing with the Somali pirates.

That was the constitutional way for dealing with a problem with people who pose a threat to the safety of the American people.

Congress declaring war is for dealing with nations whom attack us and and Letters of Marque and Reprisals deal with international criminals who attack the American people.

To give an example is piracy on the high seas. Congressmen Ron Paul exposed the whole fraud of the War on Terror introducing legislation suggesting implementing Letters of Marque.

This war on terror was for the Military Industrial complex to drop bombs on sovereign nation that never attacked us.

The use of unmanned drones killing people who are suspected terrorist all violate international laws.

The President can not declare no one an enemy combatant or mark someone for assassination at his discretion.

There has to be a legal process where Congress and the President. That has to be granting letters of Marque voted by both houses in congress signed by the President to become legal.

That is the only legal and constitutional way to deal with people(Pirates) who are threats to the safety of the people of the United States.

Osama Bin Laden guilty or innocent. His capture or killing was illegal because there was no letters of Marque granting giving the authority for the government to go after this man.

There was not.

If they were serious about dealing with him.

They would have went the legal process under the Constitution.

Countless lives innocent and in our armed forces died over this fraud called the War on Terror that only enriched the people who make the bombs and bullets.

Osama was the fable they used to sell us this war and the police state.

If the leader of Al Quada was behind all these attacks and now we have for people claiming to be desiring to kill Americans in retaliation of killing Osama Bin Laden.

Instead of people sticking their hands down our pants and sending our sons off to war in a distant hostile land .

Let propose Letters of Marque putting out a bounty on these people instead committing billions of dollars and young lives off to war.

Then the fable to expose the fraud of this war on Terror will be seen.

Obama Change now includes Osama death story

http://www.examiner.com/human-rights-in-national/obama-change-now-includes-osama-death-story?CID=examiner_alerts_article

The Obama administration is having to change its bin Laden death story, but some, including a veteran diplomat, doubt the new story will be the change Americans will believe in.

Late Tuesday, Barack Obama's press secretary, Jay Carney, admitted that John Brennan's previous version of the murder of Bin Laden story was untrue.

White House Struggles to Get Story Right

After giving contradictory versions of events for two days following the killing of terror mastermind Osama bin Laden, including misidentifying which of his sons was killed and wrongly saying bin Laden's wife died in gunfire, the White House Tuesday said bin Laden was unarmed when Navy SEALs burst into his room and shot him to death.

Over two days, the White House has offered contradictory versions of events, including misidentifying which of bin Laden's sons was killed and wrongly saying bin Laden's wife died in gunfire, as it tries to sort through what the president's press secretary called the "fog of combat" and produce an accurate account.

White House modifies Osama bin Laden account

The White House backed away Monday evening from key details in its narrative about the raid that killed Osama bin Laden, including claims by senior U.S. officials that the Al Qaeda leader had a weapon and may have fired it during a gun battle with U.S. forces.

White House Changes Story Of How bin Laden Was Taken Down

White House: We Lied the First Time

Remember all those stories about bin Laden posing an armed threat and hiding behind a woman leaving the Seals no other choice but to shoot him?

Turns out they were not quite correct.

Politico reports: "The White House backed away Monday evening from key details in its narrative about the raid that killed Osama bin Laden, including claims by senior U.S. officials that the Al Qaeda leader had a weapon and may have fired it during a gun battle with U.S. forces.

Officials also retreated from claims that one of bin Laden's wives was killed in the raid and that bin Laden was using her as a human shield before she was shot by U.S. forces...

During a background, off-camera briefing for television reporters later Monday, a senior White House official said bin Laden was not armed when he was killed, apparently by the U.S. raid team."

At this point one wonders, as noted yesterday, just how much of the official story spun by the administration will continue to unravel.

More from Politico: At a Pentagon briefing earlier in the day, a senior defense official said bin Laden used a woman as a human shield so he could fire shots.

"He was firing behind her," the official said.

In another background briefing early Monday morning, a senior administration official also said bin Laden put up a fight.

"He did resist the assault force. And he was killed in a firefight," the official said.

Another White House official familiar with the TV briefing confirmed the change to POLITICO, adding, "I'm not aware of him having a weapon."

"The bottom line is the team that entered that room was met with resistance and took appropriate action," said a third American official.

The White House on Monday night declined to elaborate on the nature of the resistance bin Laden allegedly put up.

However, an official confirmed that the Al Qaeda founder was shot twice, once in the head and once in the chest.

At the Monday evening briefing for TV reporters, a senior official also corrected what Brennan described earlier as “my understanding” that the woman who acted as a shield for bin Laden was one of his wives and was killed.

“A different guy’s wife was killed,” a different official familiar with the briefing for TV reporters, said Monday night.

Bin Laden’s wife was “injured but not killed,” the official said.

Another official familiar with the operation said it did not appear that any woman was used as a human shield, but that the woman killed and the one injured were hurt in the crossfire.

The official said he believed Brennan had mixed up the episode involving bin Laden’s wife with another encounter elsewhere in the compound.

Two women were shot here.

It sounds like their fates were mixed up,” said the U.S. official.

“This is hours old and the full facts are still being ascertained as those involved are debriefed.”

In another discrepancy, Brennan said during his on-the-record briefing that bin Laden’s son Khalid was killed in the attack.

However, the official White House transcript had the counter terrorism adviser saying it was another son, Hamza, who perished in the raid.

Needless to say, at this point nobody is really holding his or her breath to see Osama's death certificate.

More US Government Lies About Supposed Bin Laden Assassination Revealed By MSM

The slew of lies coming from the FEDS about the supposed Osama Bin Laden assassination is daunting.

TPM points out a few more discrepancies in the "official story"

Administration Backs Off Tale Of Osama Bin Laden Using Wife As Human Shield

It was a fitting end for the America's most wanted man.

As President Barrack Obama's Deputy National Security Adviser John Brennan told it, a cowardly Osama bin Laden used his own wife as a human shield in his final moments.

Except that apparently wasn't what happened at all.

Hour's later, other administration officials were clarifying Brennan's account.

Turns out the woman that was killed on the compound wasn't bin Laden's wife.

Bin Laden may have not even been using a human shield.

And he might not have even been holding a gun.

The narrative first unfolded in a televised briefing at the White House.

"Thinking about that from a visual perspective, here is bin Laden, who has been calling for these attacks, living in this million dollar-plus compound, living in an area that is far removed from the front, hiding behind women who were put in front of him as a shield," Brennan said.

"I think it really just speaks to just how false his narrative has been over the years."

Pressed on the issue, Brennan said that it was his understanding that the woman killed was bin Laden's wife and that "she was positioned in a way that indicated that she was being used as a shield."

It's possible it may have been a mix-up of two separate incidents during the assault on the compound.

As a senior administration official said at a Pentagon briefing Monday: "One woman, who was used as a human shield by one of the four military-age males on the compound, was killed he was firing behind her.

Two women, including one with Osama bin Laden, were wounded.

And the rest were not injured at all."

But as Politico's Josh Gerstein reports, there's still debate over whether the woman who was killed was being used as a human shield at all.

Another official familiar with the operation said it did not appear that any woman was used as a human shield, but that the woman killed and the one injured were hurt in the crossfire.

The official said he believed Brennan had mixed up the episode-involving bin Laden's wife with another encounter elsewhere in the compound.

Two women were shot here.

It sounds like their fates were mixed up," said the U.S. official.

"This is hours old and the full facts are still being ascertained as those involved are debriefed."

More details emerged at an off-camera briefing for television reporters Monday night, where a senior White House official said bin Laden was not armed when he was killed.

Bin Laden unarmed when killed: White House

Al-Qaeda chief Osama bin Laden was unarmed when he was shot dead by US Special Forces, but he tried to resist and there was a "volatile firefight", the White House said on Tuesday.

The revelation, likely to stoke anger in parts of the Muslim world, came from President Barrack Obama's spokesman Jay Carney as he provided the most detailed account yet of the Sunday night raid in Abbottabad, Pakistan.

"In the room with bin Laden, a woman - bin Laden's wife - rushed the US assaulter and was shot in the leg but not killed.

Bin Laden was then shot and killed.

He was not armed," Carney said.

The elite Navy Seals came in on two helicopters.

"The team methodically cleared the compound moving from room to room in an operation lasting nearly 40 minutes," Carney said.

After media reports quoting officials describing it as a "kill operation", the White House spokesman was pressed hard to explain the apparent contradiction that bin Laden was unarmed but also resisted.

"We were prepared to capture him if that was possible," Carney said, without providing a clear explanation.

"We expected a great deal of resistance and were met with a great deal of resistance."

When a journalist insisted: "He wasn't armed," Carney replied: "But there were many other people who were armed in the compound. There was a firefight."

"But not in that room," the journalist pressed.

"It was a highly volatile firefight.

I'll point you to the department of defense for more details about it," Carney said.

In addition to the bin Laden family, two other families resided in the compound: one on the first floor of the bin Laden building and another in a second building,

"Of the 22 or so people in the room, 17 or so of them were non-combatants," Carney said.

Chapter 3

The Pakistani Version Of The Killing Of Bin Laden

Invasion of the Body Snatchers! Chinese Media says PAKISTANI forces got 'Bin Laden!'

Pakistani Urdu TV channel Geo News quoted Pakistani intelligence officials as saying that the world's most wanted terrorist Osama Bin Laden was killed in a search operation launched by the Pakistani forces after a Pakistani army helicopter was shot down in the wee hours of Monday in Abbotabad, a mountainous town located some 60 kilometers north of Pakistan's capital city of Islamabad.

At about 1:20 a.m. unknown people in the Sikandarabad area of Abbotabad shot down local time a Pakistani helicopter.

The Pakistani forces launched a search operation in the nearby area and encountered with a group of unknown armed people.

A fire exchange followed between the two sides.

Obama is trying to claim credit for the kill so that he can point to this as a campaign promise he fulfilled.

But this is another lie.

According to reports from Pakistan, the man Obama is claiming is Bin Laden was killed by Pakistani soldiers in the aftermath of a helicopter shoot-down.

He was already dead when bystanders said he might be Bin Laden.

At that point US forces intervened, snatched the body, issued a press release, scheduled a speech, then dumped the body in the ocean after claiming a DNA test proved it was Bin Laden, even though a DNA test for identity takes a minimum of 48 hours in a modern lab.

Then we had the faked photo shown all over the media, then retracted and blamed on "conspiracy theorists."

As I have mentioned many times this is where the long years of government lying comes back on them, because nobody is going to take the word of the US Government about anything, no matter how many flag-wavers they hire to pose in front of the White House at 1 in the morning.

In this case there are two lies.

The US did not get this man, Pakistan did, and given that the real Bin Laden was reported dead in 2001, this man cannot be him.

Did Osama really die on Monday in Abbottabad?

<http://pakobserver.net/detailnews.asp?id=90017>

Some experts expressed surprise over official confirmation of Osama's death at highest level in the United States just within a few hours of Osama's death.

Experts say that a DNA test cannot be done within a few hours and professionals cannot be satisfied with DNA tests conducted within three or four hours after death.

American, French, Saudi and even Pakistani leaders Benazir Bhutto and President Zardari had claimed that Osama was long dead.

Did Osama really die on Monday in Abbottabad?

Islamabad—The claims regarding Osama bin Laden's death began almost immediately after Sept. 11, 2001 American invasion of Afghanistan.

In 2010 a website released photo of the body of Osama bin Laden and claimed that he was killed several years ago.

But what is more surprising is that the very same photo was being circulated Monday after U.S. forces reported that Osama bin Laden was killed early Monday.

It was not clear why the same photo of “dead Osama” which was available with several regional agencies were released Monday once again to the media.

This led to speculations that “Osama’s body might have been brought in to be later ‘discovered’ from the scene of clash with other Al-Qaeda militants.

The discovery of Osama’s body from Bilal Town, Abbottabad has increased pressure on Pakistani security forces.

Some experts expressed surprise over official confirmation of Osama’s death at highest level in the United States just within a few hours of Osama’s death.

Experts say that a DNA test cannot be done within a few hours and professionals cannot be satisfied with DNA tests conducted within three or four hours after death.

American, French, Saudi and even Pakistani leaders Benazir Bhutto and President Zardari had claimed that Osama was long dead.

In 2007, Benazir Bhutto in an interview with U.S. TV channel claimed that the Al-Qaeda leader was ‘murdered’ years ago.

In the interview, she identified the man who killed the notorious al-Qaeda leader as one Omar Sheikh.

A few weeks after her statement Benazir Bhutto was assassinated on December 27, 2007.

The report that Osama bin Laden's body had been buried at sea, claiming it was in accordance with Islamic law, has also raised several questions.

It is also a fact that burial at sea is not an Islamic practice and Islam does not determine a timeframe for burial.

Here is the time-line on claims of Osama bin Laden's death since 2002.

July 2002 FBI counter-terrorism chief Dale Watson tells a law enforcement conference: "I personally think bin Laden is probably not with us anymore, but I have no evidence to support that."

August 2002, an American radio host Alex Jones announces, citing high-level Bush administration sources, "that bin Laden died of natural causes and that his family has given the body to the CIA."

Jones added, "they're going to roll him out right before the election, he's on ice right now."

May 2003 French military analyst announces that bin Laden was killed in an American air raid in Tora Bora shortly after the invasion of Afghanistan in 2001.

February 2004 Iranian Radio reports that bin Laden was captured in the Afghan-Pakistan border area "a long time ago"—but the official announcement was delayed because "Bush is intending to use it for propaganda maneuvering in the presidential election."

April 2005 The Israeli press picks up an account from a radical Muslim London newspaper "We now report that the al-Qaeda organization has announced the death of Osama Bin Laden."

September 2006 French intelligence document says that Saudis believe bin Laden had died of typhoid in Pakistan.

June 2008: Citing two unnamed officials, Time magazine reports that a recent CIA study has concluded bin Laden has long-term kidney disease and "may only have months to live."

April 2009 President Asif Ali Zardari tells the media that his country's intelligence services "obviously feel that (bin Laden) does not exist anymore".

Finally on May 2, 2011 American President Barrack Obama announces that the U.S. killed bin Laden in Pakistan.

At 2:30 in the tape, the neighbor says he doubts it was Osama.

What is interesting is that the Pakistani reports of the killing of this man were earlier in the day, but this raid was done very late at night.

Did the US snatch the body from the Pakistanis, pick a "compound" at random to stage an attack on, plant the body, and call in the press?

Chapter 5

Bin Laden Sea Burial Not In Line With Islam, Clerics Say

RIYADH/DUBAI (Reuters) - Clerics in Saudi Arabia, a staunch U.S. ally and the country of Osama bin Laden's birth, dismissed Washington's assertions it observed Islamic rites in disposing of the al Qaeda leader's body in the Arabian Sea.

Bin Laden, shot dead by U.S. forces in a raid on a compound in Pakistan on Monday, was placed in a weighted bag and dropped into the north Arabian Sea from the deck of a U.S. aircraft carrier, the Carl Vinson, the U.S. military said.

But many Muslims in Saudi Arabia and elsewhere in the Gulf Arab region, including opponents to bin Laden's militant ideology, said the fact funeral rites were read for him did not diminish their shock at the way his body was disposed of.

"That is not the Islamic way. The Islamic way is to bury the person in land like all other people," said Saudi Sheikh Abdul Mohsen Al-Obaikan, an adviser to the Saudi Royal Court.

In the past if a person died on ship and could not be buried on land for days, "then they would drop him into the sea with a weight," he said.

"Today the case is different. We have airplanes, freezers, and it is not necessary to get rid of the body in the sea in such a way."

Bin Laden did not die at sea.

His body was flown out to the ship after he was shot dead in Abbottabad, near Islamabad.

Washington said bin Laden's body was treated with respect.

(And if you believe that, I own the Sydney Harbor Bridge want to buy it)

He was reported to have been washed and covered in a white shroud in burial preparations that lasted nearly an hour, and religious remarks were recited before his body went underwater.

Issa al-Ghaith, a Saudi cleric and judge, said he believed Washington had made a mistake by burying bin Laden at sea, which he said was un-Islamic, adding it showed Americans "fear him even after his death."

In Yemen, the 54-year-old militant leader's ancestral homeland that is home to an active al Qaeda arm, critics said bin Laden's body should have been turned over to his family.

"It is not enough to do prayers over bin Laden so as to lessen the anger of his supporters or even ordinary Muslims," said Mohammed al-Ahmedi, a Yemeni journalist.

Lets Take A Break And Compare Information To Date, Ask A Few Questions Which May Help Us Get To The Truth

Please remember the following as we compare information to date.

The Truth Never Lies!

Only Governments, Politicians, Police Officers, Military Personnel, Intelligence Agencies And The Mainstream Media Conveniently Lie

If The Official Story About An Event Is True Which is Released To The Mainstream Media By Government Figures is The Truth – Then There is No Reason To Lie.

Its Only if The Official Story Released To The Mainstream Media Is Lies, Then The Government Has To Resort To Telling Lies, And The Official Story Will Fall Over In A Heap.

- We have the Official Story as released by the White House and US President Barrack Obama
- We then have the White House changing their story, not once? But 2-3-4-5 times
- We have US President Barrack Obama declaring it was a sole US Operation and claiming credit for Killing Osama Bin Laden which he plans to use to help his 2012 chance of the Mid Term Presidential Elections
- We the have the Pakistani's releasing their own version of events, like wise no mention of a Joint Operation, also claiming credit for Killing Osama Bin Laden
- We have a neighbour who lives right next door
- We have the Islamic Cleric who has spoken out about burial at sea and declares **It Is NOT**, an Islamic tradition to burial Muslims at sea

I don't know about you people, but seems we have these people flat out lying through their teeth, which means The Official Story is Bull Shit – Utter Crap.

But are there any other evidence proving the Official Story lies, crap, bullshit?

Yes!

It lays in examining the pictures released by the Mainstream Media by the Military and in these pictures is the evidence & proof this was a staged event by the Americans.

Chapter 7

A Picture Tells A 1,000 Words And It Also Exposes Lies, We Bust The Official Story Open With Their Own Pictures Released To The Media.

Season researchers and investigators bust these False Flag Staged Events, and False Flag terrorist Attacks with the help of pictures, if you smart enough to put all the pictures together right it will help you expose the Official Story – Bust it wide open and get so somewhere near the truth.

After looking at these pictures going away and thinking about these the story all clicked into place, it sorta like just come to me like getting hit on the head with a fry pan.

So without further talk, lets hang these bastard liars, turning their own evidence released against them.

Please Look At The Following Pictures And Study Them

These Are Pictures Released To The Mainstream Media Of The Inside Of The House After The Raid

These Are Pictures Released To The Mainstream Media Of The Inside Of The House After The Raid

This picture tells what really went on in this house so remember it, imprint it in your brain.

Now tell me what is wrong with these pictures?

Can you see what really happened in this house?

No?

Alright here is your answers look at all these pictures again and specially the one above, anybody who has done "A Break & Entering" would see it, this house never had no "Firefight" it was rand sacked, look at how things have been turned out tipped on the ground.

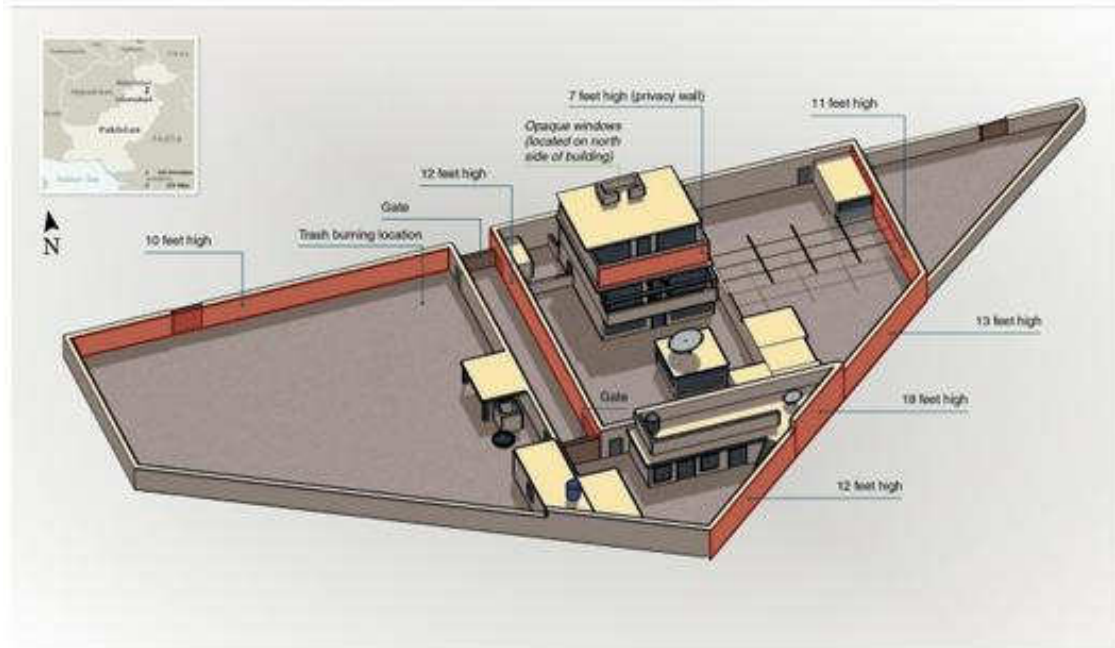

Look about and see if you can see any men's cloths about the place, which would belong to Osama Bin Laden.

Can you also see the bloodstains?

These bloodstains clearly show that blood has been thrown about the place, tipped out in certain areas where it is a heavy dark color

But Wait It Gets Better

Weapons Of Mass Destruction Anybody?

Abbottabad Compound, 2011

Remember This Is The Official Picture Released Of
The House By The White House, Military To The
Mainstream Media

The Next Two Pictures Will Prove The Official Story Lies

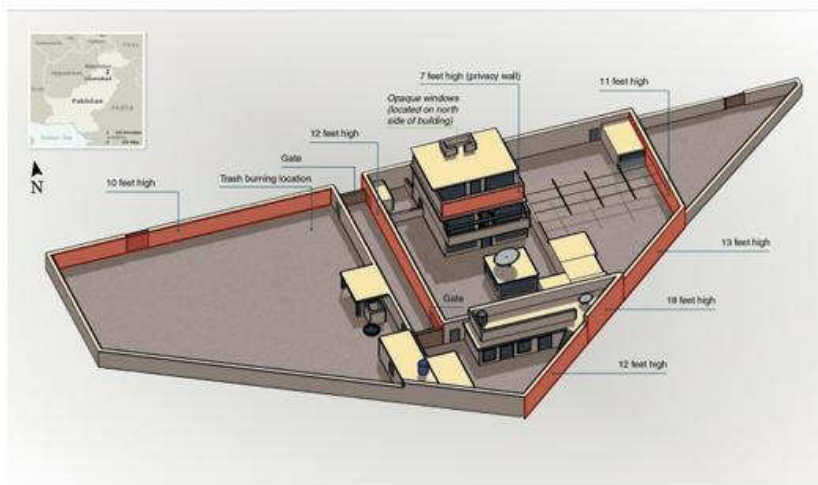

- Remember this is the place where the White House Claimed Osama Bin Laden was held up.
- Look at the sunshine and roughly speaking its about 11.00am to 12 midday
- Look at the mesh red sheeting about one end of the property blocking off prying eyes, just like what we would do around our house if we invited friends around for a B-B-Q
- Is that a Cooking Pot with a stew or rice in it that guy is holding?
- Is that a saucepan lid the other guy is holding?
- What is 6 guys doing sitting about having a B-B-Q at around 11.00 am – 12 Midday and remember this is about what 7 hours after both the Americans and Pakistani's claim they did a raid on this house.

- When the Police, Military or Intelligence Agencies carry out a raid on a property they close the whole place – crime scene off for inspection.
- So they are trying to tell us about 6-7 hours after the raid some of the guys are sitting about having a B-B-Q? I don't think so, the property would be closed down – roped off and maybe people still there investigating, going through things

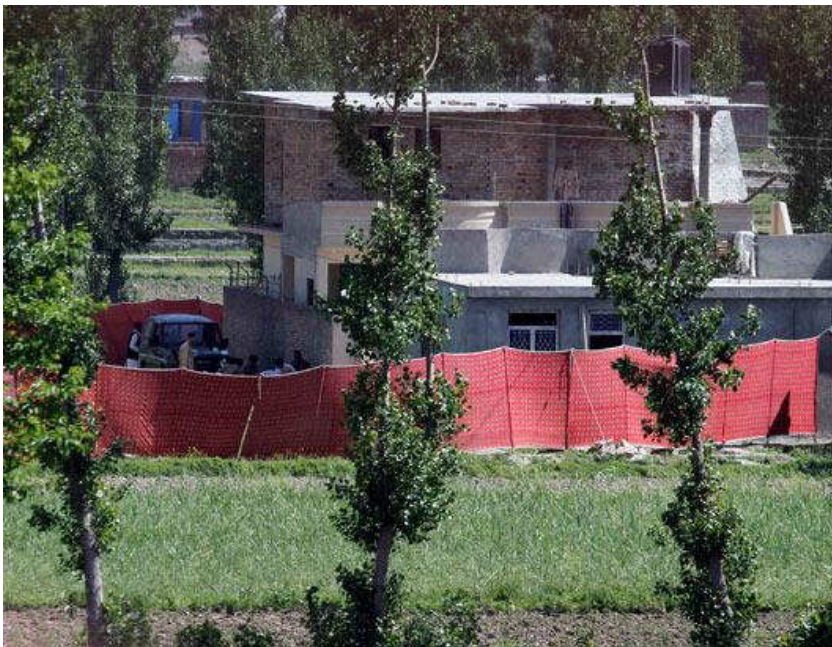

Illustration of Abbottabad Compound

Here is the Official Picture released by US President Barrack Obama and the White House

- Where is the little store sheds at the back of the property?
- Where is the Air Conditioning System as shown in this picture?
- Notice the shape of the property?
- Notice they say the fence line was all cement walks around the place?

Now look at the pictures again and confirm for yourself.

This is not the house where this raid went down, its somebody else house, but these pictures are being bantered about by the Mainstream Media saying it's the house the raid went down in.

How dare these pervert mongrel bastard Mainstream Media take pictures of people having a B-B-Q and declare its the same house.

I had to search for this, don't mark me 100% right but this is the house most probably the raid went down in by the Americans, they took pictures of the inside after they turned it over, and sacked the place.

And the pictures they declare of the place where the raid went down are Pys Ops Pictures, deliberately given out with a script line already written to the Mainstream Media and nobody in Mainstream have a brain to ask any questions they fall for the Official story all the time.

Classified CIA Transcript Counters Bin Laden Terror Role

Sunday, July 11, 2010

DOUBT THROWN ON PROOF BIN LADEN A TERRORIST LEADER

Two weeks ago, CIA Director Leon Panetta told the press the CIA had not been able to positively confirm any specific information on Osama bin Laden since "late 2000."

Interviews with high ranking military and intelligence officials, some at the highest levels, have confirmed that all evidence lends toward Osama bin Laden's death in December 2001.

Yet transcripts of translated audio and video tapes, albeit widely disputed, are continually released by a news agency tied to Israeli intelligence services.

The transcripts of the last proven bin Laden interview, translated by the CIA, are compared to similar translations of a 2007 "broadcast" said to be by Osama bin Laden.

Both are excerpted for length but not content.

Striking differences between the two "bin Ladens" is obvious.

In 2007, in a lengthy admonition, no mention of Israel is made whatsoever, nor of Palestine.

In fact, the bin Laden of 2007 seems to be totally oblivious of Israel.

We will begin with the CIA document, one that directly disputes claims made by the media for years.

We thank the Central Intelligence Agency for making this document available.

With dozens of films, videos and recordings, all claiming Osama bin Laden has taken credit for 9/11 and other terrorist attacks against America, Britain, Spain and other nations, the possession of the only official translation of the real Osama bin Laden is vital.

What you are going to be reading is both astounding and frightening.

Website of Doha Al-Jazirah Satellite Channel Television in Arabic [FBIS Report] Website of Doha Al-Jazirah Satellite Channel Television in Arabic, independent television station financed by the Qatari Government, which can be accessed at URL: <http://www.aljazeera.net> carries at 2011 GMT on 24 September the text of the following letter by Usama Bin Ladin "to the Pakistani people."

- "We hope that these brothers would be the first martyrs in Islam's battle in this age against the new Jewish crusade that is being led by the biggest crusader, Bush, under the banner of the cross. This battle is one of Islam's immortal battles."
- "We beseech God to grant him victory against the forces of infidelity and arrogance, and to crush the new crusader-Jewish campaign on the land of Pakistan and Afghanistan."
- "I have already said that I am not involved in the 11 September attacks in the United States."
- "Neither I had any knowledge of these attacks nor I consider the killing of innocent women, children, and other humans as an appreciable act. Islam strictly forbids causing harm to innocent women, children, and other people. Such a practice is forbidden ever in the course of a battle."
- "All that is going on in Palestine for the last 11 months is sufficient to call the wrath of God upon the United States and Israel."
- "Whoever committed the act of 11 September are not the friends of the American people. I have already said that we are against the American system, not against its people, whereas in these attacks, the common American

people have been killed. According to my information, the death toll is much higher than what the US Government has stated.

- "The United States should try to trace the perpetrators of these attacks within itself; the people who are a part of the US system, but are dissenting against it. Or those who are working for some other system; persons who want to make the present century as a century of conflict between Islam and Christianity so that their own civilization, nation, country, or ideology could survive."
- "They can be any one, from Russia to Israel and from India to Serbia."
- "Then you cannot forget the American Jews, who are annoyed with President Bush ever since the elections in Florida and want to avenge him."
- "Then there are intelligence agencies in the US, which require billions of dollars worth of funds from the Congress and the government every year."

This [funding issue] was not a big problem till the existence of the former Soviet Union but after that the budget of these **(FOR OFFICIAL USE ONLY 180)** agencies has been in danger.

They needed an enemy.

So, they first started propaganda against Usama and Taliban and then this incident happened.

- "Drug smugglers from all over the world are in contact with the US secret agencies. These agencies do not want to eradicate narcotics cultivation and trafficking because their importance will be diminished. The people in the US Drug Enforcement Department are encouraging drug

trade so that they could show performance and get millions of dollars worth of budget. General Noriega was made a drug baron by the CIA and, in need, he was made a scapegoat."

- "President Bush or any other US President, they cannot bring Israel to justice for its human rights abuses or to hold it accountable for such crimes.

What is this?

Is it not that there exists a government within the government in the United States?

That secret government must be asked as to who made the attacks."

- "Supporting the US act is the need of some Muslim countries and the compulsion of others. However, they should think as to what will remain of their religious and moral position if they support the attack of the Christians and the Jews on a Muslim country like Afghanistan."
- "I have already said that we are not hostile to the United States. We are against the system, which makes other nations slaves of the United States, or forces them to mortgage their political and economic freedom."
- "This system is totally in control of the American Jews, whose first priority is Israel, not the United States. It is simply that the American people are themselves the slaves of the Jews and are forced to live according to the principles and laws laid by them. So, the punishment should reach Israel."
- "The Western media is unleashing such a baseless propaganda, which make us surprise but it reflects on what is in their hearts and gradually they themselves

become captive of this propaganda. They become afraid of it and begin to cause harm to themselves.”

- “Terror is the most dreaded weapon in modern age and the Western media is mercilessly using it against its own people. It can add fear and helplessness in the psyche of the people of Europe and the United States. It means that what the enemies of the United States cannot do, its media is doing that. You can understand as to what will be the performance of the nation in a war, which suffers from fear and helplessness.”

FOR OFFICIAL USE ONLY END OF OFFICIAL TRANSCRIPT

Bin Laden is clear on a number of issues.

His overall belief is that the American people are being victimized and enslaved by powerful interests allied with Zionism and that the people of the United States are not to be considered targets for reprisal.

The full length version includes outlines for economic reprisals and boycotts, rather than terrorism or Jihad.

Bin Ladens admonition of the western media as purveyors of terrorism through propaganda seem to be proven out in the text of our next transcript, one reported extensively by the media though never verified other than by private sources tied to Israel.

If the world’s top intelligence agencies are correct, Osama bin Laden had been dead for nearly six years when the following statements were credited to him

**TRANSCRIPT OF 9/11 SIXTH ANNIVERSARY STATEMENT
BY OSAMA BIN LADEN (UNVERIFIED)**

- And from His ways is that the days rotate between the people, and from His Law is retaliation in kind: an eye for an eye, a tooth for a tooth and the killer is killed/ I begin by discussing the war which is between us and some of its repercussions for us and you.
- To preface, I say: despite America being the greatest economic power and possessing the most powerful and up-to-date military arsenal as well; and despite it spending on this war and its army more than the entire world spends on its armies; and despite it being the being the major state influencing the policies of the world, as if it has a monopoly on the unjust right of veto; despite all of this, 19 young men were able – by the grace of Allah, the Most High- to change the direction of its compass. And in fact, the subject of the Mujahideen has become an inseparable part of the speech of your leader, and the effects and signs of that

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden.)

- Since the 11th, many of America's policies have come under the influence of the Mujahideen, and that is by the grace of Allah, the Most High.

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden.)

- And for your information media, during the first years of the war, lost its credibility and manifested itself as a tool of the colonialist empires, and its condition has often been worse than the condition of the media of the dictatorial regimes which march in the caravan of the single leader.

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden.)

- And among the most important items contained in Bush's speeches since the events of the 11th is that the Americans have no option but to continue the war. This tone is in fact an echoing of the words of neoconservatives like Cheney, Rumsfeld and Richard Pearle, the latter having said previously that the Americans
- I say, refuting this unjust statement, that the morality and culture of the holocaust is your culture, not our culture. In fact, burning living beings is forbidden in our religion, even if they be small like the ant, so what of man? The holocaust of the Jews was carried out by your brethren in the middle of Europe, but had it been closer to our countries, most of the Jews would have been saved by taking refuge with us.

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden.)

Osama bin Laden has never mentioned "holocaust" but has only criticized the use of it as an excuse used by Israel for illegal acts through manipulation and guilt.)

- But the fact is, there is a continuing and biased campaign being waged against us for a long time now by your politicians and many of your writers by way of your media, especially Hollywood, for the purpose of misrepresenting Islam and its adherents to drive you away from the true religion.

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden. Bin Laden refers to the media as terrorists, not "misrepresenting Islam.")

- Why are the leaders of the White House keen to start wars and wage them around the world, and make use of every possible opportunity through which they can reach this purpose, occasionally even creating justifications based on deception and blatant lies, as you saw Iraq?

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden. Bin Laden's long stated belief is that Paul Wolfowitz, acting as an Israeli agent, was responsible for orchestration the deception campaign leading to the 2003 invasion of Iraq.)

- And when Kennedy took over the presidency and deviated from the general line of policy drawn up for the White House and wanted to stop this unjust war, that angered the owners of the major corporations who were benefiting from its continuation.

(Editor's note: The recurrent theme of the Vietnam War leading to the Kennedy assassinations, the Garrison/JFK/Oliver Stone theme, simply doesn't hold water.

However, there is a rationale for mentioning the Kennedy assassination "out of the blue."

The release of letters between Kennedy and Israel indicate an extremely heated dispute over the use of the Dimona reactor for the manufacture of nuclear weapons by Israel.

Kennedy demanded an immediate inspection.

This would have left Israel without a nuclear arsenal. Kennedy was murdered and Lyndon Johnson, at the time having an affair with a Mossad/Irgun operative, took his place.)

- And so Kennedy was killed, and al-Qaida wasn't present at that time, but rather, those corporations were the primary beneficiary from his killing.

(Editor's note: Official transcripts indicate that these statements are inconsistent with Osama bin Laden. Osama bin Laden has never blamed US corporations for any of these issues, a theory made popular by Noam Chomsky.

Bin Laden: "It is simply that the American people are themselves the slaves of the Jews and are forced to live according to the principles and laws laid by them.")

- And even more incredible than that is that Bush picked him as secretary of defense in his first term after picking Cheney as his vice-president, Powell as secretary of state and Armitage as Powell's deputy, despite their horrific and blood history of murdering humans. And among the most capable of those from your own side who speak to you on this topic and on the manufacturing of public opinion is **Noam Chomsky**, who spoke sober words of advice prior to the war, but the leader of Texas doesn't like those who give advice.

(Editor's note: **OOPS, here we find Noam Chomsky.**)

Those with real power and influence are those with the most capital. And since the democratic system permits major corporations to back candidates, be they presidential or congressional, there shouldn't be any cause for astonishment – and there isn't any- in the Democrats' failure to stop the war.

(Editor's note: **Official transcripts indicate that these statements are inconsistent with Osama bin Laden. More talk of "corporations" when bin Laden would have said Israel.**)

- And despite this brazen attack on the people, the leaders of the West – especially Bush, Blair, Sarkozy and Brown- still talk about freedom and human rights with a flagrant disregard for the intellects of human beings.

(Editor's note: **Official transcripts indicate that these statements are inconsistent with Osama bin Laden.**

Does anyone believe Bin Laden would have left Netanyahu off this list?

Who would have done that?)

- This is why I tell you: as you liberated yourselves before from the slavery of monks, kings, and feudalism, you should liberate yourselves from the deception, shackles and attrition of the capitalist system.

(Editor's note: **"It is simply that the American people are themselves the slaves of the Jews and are forced to live according to the principles and laws laid by them."**)

- The capitalist system seeks to turn the entire world into a fiefdom of the major corporations under the label of “globalization” in order to protect democracy.

In thousands of words, calling for Jihad, promoting violence and destruction, the 2007 version of Osama bin Laden never mentions the word Israel once.

Particular effort is made to omit mention of Israel’s influence on the US, their control of the media or references to Christian followers of Zionism as “crusaders” one of bin Ladens most used themes.

In fact, his only mention of the word “Jew” at all was tied to an obscure biblical reference.

If the endless statements made by political and military leaders about Osama bin Laden are not based on any evidence, as seems to be the case, is it possible that bin Laden’s transcript is not only an accurate portrayal of his beliefs, as translated by the Central Intelligence Agency but, in fact, an extremely accurate prediction of what has come to pass?

In September of 2001, there was no opium production in Afghanistan.

Now Afghanistan produces 93% of the world’s supply of that infamous substance, a supply defended by US Special Envoy Richard Holbrooke as “vital” to the economic well being of Afghanistan’s farmers.

How many times in the past six years has Israel demonstrated its power over the United States, its primary benefactor?

Who has that kind of power and why has only Osama bin Laden pointed it out, a fact that the CIA had sought to classify and the media has chosen to suppress.

Obama Fact Sheet: A Call To Consciousness The Following Proves Obama Lies

Henry Kissinger explained Obama's role.

Kissinger stated, "His task, will be to develop an overall strategy for America in this period, when really a New World Order can be created.

Its a great opportunity - It isn't a crisis.

He [Obama] has appointed an extraordinarily capable group [of advisers and staff] in both foreign and economic fields."

On Obama appointments, economist Dean Baker highlighted that selecting them was like selecting Osama Bin Laden to run the war on terror."

Human rights standards guarantee the right of people to be informed of and to participate in decisions that may affect their rights.

It is in that spirit, in effort to counter disinformation for forced depopulation and enslavery of survivors that we release the following

Obama also proudly proclaimed that US troops would be out of Iraq by 2012 (as if three more years is acceptable), and he again did not mention how many mercenaries would remain, and of course, he didn't discuss US military bases in Iraq.
- Obama OK's Mountaintop Removal. Barack Obama's kettle of hawks

The absence of a solid anti-war voice on Obama's national security team means that US foreign policy isn't going to change – "What does it say that, with 130 members of the House and 23 in the Senate who voted against the war, Obama chooses to hire Democrats who made the same judgment as Bush and McCain?"

Neoconservative leader and former McCain campaign staffer Max Boot summed it up best. "I am gobsmacked by these appointments, most of which could just as easily have come from a President McCain," (Jeremy Scahill, 12/1/08).

And what about torture centers at Bagram and Diego Garcia? And will he shut down the School of the Americas torture training center in Ft. Benning, Georgia? And what about the torture American prisoners face in US jails?

Chomsky on Obama appointments

"Obama's choices to [run his economic team] were Robert Rubin and Larry Summers from the Clinton–Secretaries of Treasury under Clinton. They are among the people who are substantially responsible for the crisis. One leading economist, one of the few economists who has been right all along in predicting what's happening, Dean Baker, pointed out that selecting them is like selecting Osama Bin Laden to run the war on terror."

Conclusion

So what is going on?

Any idea people?

This is what is going on, you will have to watch 3 Video's Called "The Power Of Night Mares" and Ghost Wars Book, what US President Barrack Obama is doing is a "Mop Up Operation" he is cleaning up all the mess left behind of previous administrations going right back to Ronald Regan, Daddy Bush, Bill Clinton, George Bush Jr and now under his administration.

There is to much dirt out there specially with the Bush / Cheney administration proving Sept 11th 2001 was a False Flag Terrorist Attack carried out by the Neo-Cons who were in charge working with these Fanatical - Radical Muslims which they employed and used as a cover to push their agenda through.

All Barrack Obama is doing is "A Mop Up Operation" cleaning all this corruption, evilness, greed and clearing the US Military, FBI and CIA names because allot of this including using Terrorism could blow up in Barrack Obama face at any time.

And bring down the Whole American Political Establishment and bring dis-credit toward America's Police, Military, FBI, CIA, NSA if all this blows up and the truth is ever known how some of these agencies and the Neo – Cons which include Bill Clinton going right back to Ronald Regan.

This also prove US President Barrack Obama corrupt and just as sinister, evil as many of these people, instead of bringing these people to justice and prosecuting some of these people, he would prefer to sweep everything under the carpet.

The Executive Office must stay in tact and never be brought down!

The Senate, Congress must stay in tact and never be brought down!

The Police, Military and Intelligence Agencies must stay in tact and never be brought down!

"If there was a rotten apple in a box you would throw it out"

By President Barrack Obama just doing a "Mop Up Operation" he has decided to take the easy way out.
